Section 8 – Duty To Make A Fair Presentation

You have a duty to make a fair presentation of the risk to be insured to the insurer. This requires disclosure of any information which would influence the judgement of a prudent insurer in deciding whether to accept your insurance, impose special terms, or charge an increased premium.

A proposal form, or any other document relating to the contract of insurance, must be answered fully and accurately. All representations must be substantially correct if relating to matters of fact, or made in good faith if they are matters of expectation or belief. Please consider the questions regarding any other information very carefully.

Please be aware that a failure to make a fair presentation of your risk may affect the payment of your claims, cause additional charges or even invalidate the policy.

Disclosure of information also applies to senior management and those responsible for the insured's insurance. The definition of senior management is those individuals who play significant roles in the making of decisions concerning how the insured's activities are to be managed or organised.

Information must be disclosed in a way which is reasonably clear and accessible to a prudent insurer.

This duty arises not only at inception of the policy but also at renewal or in the event of any material change in your risk during the period of insurance. Please contact us immediately if you have any doubt as to what constitutes a relevant fact or circumstance.

- 8.1 Do you expect any significant change to or in your Company/Firm in the next 12 months? YES NO

- 8.2 Is there any other material information that may be relevant to this application? YES NO

If you have answered Yes to either of the questions above, please provide additional details using the supplementary sheet at the end of this form.

It is essential that every Proposer or Insured, when seeking a quotation to take out or renew any insurance, discloses to the prospective Underwriters all material facts and information (including all material circumstances) which might influence the judgement of an Underwriter in deciding whether to accept the risk and on what terms. The obligation to provide this information continues up until the time that there is a completed contract of insurance. Failure to do so entitles the Underwriters, if they so wish, to avoid the contract of insurance from inception and so enables them to repudiate liability. If you have any doubt as to what constitutes a material fact or circumstance please do not hesitate to ask for advice. Unless agreed to the contrary, this insurance shall be subject to English Law.

Section 9 – Declaration

I declare that after full enquiry of all senior management and those responsible for our insurance, the contents of this proposal are true and we have not misstated, omitted or suppressed any material circumstance or information.

I confirm that this proposal form, together with any other document that may have been provided, does provide a fair presentation of the risk to be insured.

If there is any material alteration to the facts and information provided or any new matter arises before the completion of the contract of insurance, I undertake to inform insurers.
